CALCULATIONS

Student FTE: Calculations of Student FTE are based upon enrollment in credit courses that can be used to fulfill the requirements of a degree, certificate or other formal award. **Self-supported remedial courses should no longer be included in these counts.** Note: do not include Professional School Enrollments (i.e. Medical, Dental, Law) in FTE calculations. (see FTE Enrollment Reporting Procedures for a more detailed definition)

Undergraduate level FTE - All semester credit hours generated in undergraduate level courses--regardless of student level -- divided by 15.

Master's level FTE - All semester instruction in graduate-level courses generated by non-doctoral students, divided by 12.

Doctoral level FTE - All semester instruction generated by doctoral students in graduate-level courses, divided by 9.

Headcount Enrollment: Unduplicated count of student enrollment in academic credit courses.

INSTRUCTIONS

1. Please enter data into the blue shaded areas only.
2. Calculations should represent enrollment from the "preliminary" stat file, occurring on or before March 15th for the Spring term.
