

Introduction to the 2013-14 CSRDE Main Retention Survey for 4-year Institutions

See notes in red concerning changes to the survey

This survey workbook consists of six individual worksheets, plus **one optional new worksheet**. **Review carefully the Instructions, Definitions, and Documentation tabs** before completing the survey.

Note: The Definitions and Documentation tabs are at the end of the workbook.

Section I, Characteristics, and Section I Checklist are required. Section I_Alternative is a new, optional way to enter your data into the Section 1 worksheet .

Also, we have incorporated the alert check messages into the Section 1 worksheet. As you enter data you may see colorful cells. Most of the alerts will disappear after you have finished entering all of your data. However, if you still have alerts appearing in the Section 1 data after you have completed and saved the survey, use the legend in the Section 1 worksheet or the Section I Checklist to help you understand the meaning of each color. If you still have alerts appearing in the data after you have reviewed Section I and made changes, please explain on the Section I Checklist in the appropriate section.

Once you have completed the Section 1 and Characteristics data and made any necessary notes on the Section I Checklist, then upload the completed survey into your "Drop Box" on the CSRDE secure website by **March 7, 2014**. To access the member website, go to <http://csrde.ou.edu> and then click on "institutional members only login" at the top right.

To complete the survey, please begin by reviewing the Instructions, Definitions, and Documentation. Thank you.

Instructions 2013-14 CSRDE Retention Survey

1. To use this workbook, download the Excel file to your computer, complete the survey, and then upload the completed file into the Drop Box on the CSRDE secure website.
2. The survey data sheets have been password protected to ensure consistency in column width, data format and other file structures. To unprotect the Section I worksheet, use the password: **csrde**
3. Please DO NOT change these sheets by inserting rows or changing formats.

If you have a flat ASCII file which contains the data, you can easily import it into an Excel spreadsheet and then copy it into Section I. Be sure to use the "paste special" and "paste values" options when pasting into the sheet in order to preserve the formatting. This is critical!

Tips For Completing CSRDE Main Retention Survey

If you need to make changes to previously submitted data, you may do so in the Section I tab of this workbook. Include a note in the Section 1 comments box stating that some changes were made to previous data; however, you do not need to list each change specifically.

I. Check that all components are completed before submitting to CSRDE:

1. Section I
2. Characteristics
3. Section I Checklist

II. Section I

1. Fill in all cells for each cohort year and type if headcount is greater than zero (0). If headcount is zero (0), enter zero (0) in the headcount column, and leave the other cells blank. (Please do not put N/A)
2. For each cohort year, Male Headcount + Female Headcount should equal Total Headcount. If undeclared/unknown gender, please note on Checklist.
3. The sum of ethnic subgroups should be equal to the Total cohorts.
4. Continuation rates should be lower than or equal to the previous year's rates. If it is higher due to stop-outs or other reason such as allowable exclusions, please note on the checklist.
5. Graduation rates are cumulative and should be progressively higher or the same as the previous year's rates. If rates on the Section 1 worksheet appear to be the same yet an alert appears, it is probably due to rounding. If you are using the Section I_Alternative worksheet, make the change there. If you are entering data directly into the Section 1 worksheet, retype the two rates to remove the rounding issue.
6. Continuation rates + graduation rates for any given year must be 100% or less. For example: graduated in 4 years + continued to 5th year rates cannot be greater than 100%.
7. A green box will appear for any rate that is over 100%. Check for a typo if this occurs.

III. Characteristics

1. Enter data for Fall 2007 and Fall 2012.
2. Total Headcount Enrollment includes all students, not just first-time, full-time, degree-seeking freshmen.
3. Total Undergraduates (2.e.) is calculated from the data entered in (a. + b.) and (c. + d.). If total is incorrect, check data in (a. and b.) and (c. and d.). All cells should have an entry, even if it is zero (0).
4. ACT/SAT scores are used to determine institution selectivity. Report the test score that is used by the majority of your freshmen for purposes of admission, not just first-time, full-time, degree-seeking freshmen. If reporting SAT scores, do not include the Writing score. If both test scores are reported, ACT will be used. Using the hours and points method is preferable when calculating the scores.
5. If a value is out of range a yellow box will appear around the value. Check for a typo if this occurs.
6. Question #5 should only include federal grants, not all financial aid.
7. Save your file after entering the data to ensure that the values are calculated in # 2 and # 4.

IV. Alert Checks

1. After entering all of your data in Section 1 (or Section I Alternative) and saving the file, review any alerts appearing in the Section I worksheet, making corrections as necessary.

V. Section I Checklist

1. After reviewing the alerts and making any necessary changes to Section I, please complete the Section I Checklist before uploading the file to the CSRDE website.

Small cohorts and confidentiality:

Data from cohorts of five or fewer students is used in the aggregate sections of the reports, but is not revealed in peer reports or any other report.

Institution Name: U of Nevada-Las Vegas

Respondent Name: Christina Drum

Section I: First-time, Full-time, Baccalaureate Degree-seeking Freshmen

Email Address: christina.drum@unlv.edu

Institution-wide Rates

Phone Number: 702-895-3771

NOTE: Remember to also complete the Characteristics & Checklist Tabs

Comments:

2013-14 CSRDE Institutional and Student Characteristics Survey

Please see Instructions tab in this workbook before completing this section.

**NOTE: This information is required for members to make effective peer comparisons.
Please complete the following in full.**

Institution: University of Nevada, Las Vegas

	Fall 2007	Fall 2012
1. Total Headcount Enrollment (includes <u>all</u> students at your institution)	<u>28008</u>	<u>27402</u>
2. Undergraduate Headcount		
a. Full-time Undergraduate	<u>15677</u>	<u>15885</u>
b. Part-time Undergraduate	<u>6285</u>	<u>6547</u>
c. Degree-seeking Undergraduates	<u>20971</u>	<u>22038</u>
d. Non-degree-seeking Undergraduates	<u>991</u>	<u>394</u>
e. Total Undergraduates (Calculated)	<u>21962</u>	<u>22432</u>
(a + b) must be equal to (c + d); otherwise, "Error" will be displayed.		
3. Percentage of First-time, Full-time, Baccalaureate Degree-seeking Freshmen		
a. 24 years or older	<u>0.2 %</u>	<u>0.5 %</u>
b. Living in university housing	<u>30 %</u>	<u>21 %</u>
c. Black, Hispanic and American Indian	<u>25 %</u>	<u>38 %</u>
4. Percentage of First-time, Full-time, Baccalaureate Degree-seeking Freshmen with a High School Rank in the		
a. Top 10%	<u>18 %</u>	<u>23 %</u>
b. Top 11-25%	<u>32 %</u>	<u>31 %</u>
c. Top 26-50%	<u>36 %</u>	<u>32 %</u>
(a + b + c) cannot be >100; otherwise, "Error" will be displayed.		
5. Percentage of First-time, Full-time, Degree-seeking Undergraduates receiving Federal Grants (not all Aid) as identified in the IPEDS Spring Collection form, "Student Financial Aid".	<u>21 %</u>	<u>40 %</u>
6. ACT or SAT Scores - Report the test score that is used by the majority of your freshmen for purposes of admission. <i>If both test scores are reported, ACT will be used.</i>		
Institution Selectivity Scale:	Highly Selective: ACT > 24.0 or SAT > 1100 Selective: ACT 22.5-24.0 or SAT 1045-1100 Moderately Selective: ACT 21.0-22.4 or SAT 990-1044 Less Selective: ACT < 21.0 or SAT < 990	
a. Average ACT	<u> </u>	<u> </u>
b. Average SAT - Verbal	<u>503</u>	<u>495</u>
c. Average SAT - Math	<u>519</u>	<u>502</u>
7. Percentage of First-time, Full-time, Baccalaureate Degree-seeking Freshmen in the Fall cohort that continued to Spring (for institutions with a quarter system, this is the next term):	<u>89.2 %</u>	<u>92 %</u>
8. First Semester GPA of First-time, Full-time, Baccalaureate Degree-seeking Freshmen		
a. Average GPA	<u>2.77</u>	<u>2.64</u>
b. Percentage with a GPA below 2.0	<u>18 %</u>	<u>21 %</u>
9. Mark with an "X" which academic calendar your institution follows: Semester: <u> X </u> Quarter: <u> </u> Trimester: <u> </u>		

Definitions 2013-14 CSRDE Retention Survey

1. Timing Definition

The definition of "a year" for this survey is the 12-month period from the beginning of a fall term in one year to the beginning of the following fall term. The fall enrollment status is based on the official reporting date for the IPEDS fall enrollment report.

2. First-time Freshman (See IPEDS definition)

"An entering freshman who has never attended any college. Includes students enrolled in the fall term who attended for the first time in the prior summer term. Also includes students who entered with advanced standing (college credits earned before graduation from high school)."

Report **only full-time, baccalaureate degree-seeking**, first-time freshmen in this survey.

3. ACT or SAT Columns

For the ACT/SAT columns, report either ACT or SAT score, whichever is used by the majority of freshmen for admission purposes. If reporting SAT, provide composite scores without the Writing score being included.

4. Ethnic Groups:

The CSRDE office followed closely the changes on Race and Ethnicity definitions that were recently phased into the IPEDS surveys, and in particular the Fall Enrollment (which contains Retention Reporting) and the GRS. With the assistance of our Advisory Board (who are leaders in IR), consultations with the staff of National Center for Education Statistics-IPEDS, and suggestions from colleagues at the Association for Institutional Research we identified a methodology which maintains the integrity of our longitudinal data and minimizes conditions which would negatively impact your ability to conduct benchmarking.

Guidelines: A student's enrollment and graduation data must be wholly reflected in a single Race/Ethnicity cohort. If a student's R/E status needs to be corrected, the headcount, ACT/SAT, and the retention and graduation rates for both the incorrect and correct sub-cohorts must be recalculated.

IMPORTANT NOTE: All cohorts that use the old IPEDS definitions must continue to use the old IPEDS definitions throughout the life of the cohort (through 10th year graduation and 11th year continuation).

[The following section discusses the definitions for race/ethnicity for three separate groups of cohorts: A. Fall 2002 through 2007; B. Fall 2008 and 2009; and C. Fall 2010 and beyond](#)

A. Fall Cohort of 2002 through the Cohort of 2007.

Please use the historical Race and Ethnicity categories used by IPEDS and the CSRDE as shown below.

Black, Non-Hispanic - "A person having origins in any of the black racial groups of Africa (except those of Hispanic origin)."

Hispanic - "A person of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish culture or origin, regardless of race."

Asian or Pacific Islander - "A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or Pacific Islands."

American Indian or Alaskan Native - "A person having origins in any of the original peoples of North America or who maintains cultural identification through tribal affiliation or community recognition."

White, Non-Hispanic - "A person having origins in any of the original peoples of Europe, North Africa, or the Middle East."

Nonresident Alien - "A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely."

Unknown/Other - "Individual who did not respond or whose response does not fit into the categories above."

B1. Fall Cohorts of 2008 and 2009. The CSRDE recommends the use of the definitions above for the Fall 2008 and Fall 2009 cohorts.

B2. Transitional Reporting on Fall 2008 and Fall 2009 Cohorts where new IPEDS R/E has been implemented.

IPEDS instructions for reporting race/ethnicity on the Fall 2008 and 2009 Cohorts gave institutions the option of reporting using the "New Definitions".

For the purposes of consistency, we strongly encourage you to report the ethnicity of the Fall 2008 and Fall 2009 Cohorts using the historical definitions listed above.

However, if your institution implemented the new definitions with the Fall 2008 or Fall 2009 cohort, and you intend to use those definitions for the Fall 2008 and/or 2009 CSRDE First-time, Full-time Cohort, please make a documentation note in the comments on the checklist tab. Be sure to include data for the Hawaiian and Multi-racial groups (see definitions below). If you have no students in those categories report zero (0) for the headcount. In the row for the Fall 2008 and/or Fall 2009 Asian subcohort, you would report only those students falling into the new Asian grouping (which excludes Hawaiians). The sum of the headcounts for all of your ethnic groups, including Unknown, for the Fall Cohort of 2008 and Fall Cohort of 2009 should equal the Total Cohort headcount for 2008 and 2009.

C. The new R/E definitions are required for the 2010 through 2012 cohorts in the 2013-2014 survey.

The definitions below should be used for the 2010 through 2012 cohorts, as well as the 2008 and 2009 cohorts IF your institution implemented the new R/E definitions for the 2008 and 2009 cohorts. See B1 and B2 above.

Black or African American - "A person having origins in any of the black racial groups of Africa."

Hispanic or Latino - "A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race."

Asian - "A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam."

American Indian or Alaska Native - "A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment."

White - "A person having origins in any of the original peoples of Europe, the Middle East, or North Africa."

Nonresident Alien - "A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely."

Native Hawaiian or Other Pacific Islander – "A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands."

Unknown/Other Ethnicity – "A person who did not select EITHER a racial or ethnicity designation."

Multi-racial – Those individuals that self identify in two or more racial categories. As defined by IPEDS, if an individual chooses Hispanic as their ethnic group, they will not be included in the multi-racial category.

5. Continuation Rates

Continuation rate is the percentage of first-time, full-time freshmen in a given fall term who returned to the institution in a subsequent fall term. For example, the "continued to 3rd year" rate for fall 2006 first-time freshmen is the percentage of fall 2006 first-time freshmen who returned for fall 2008. The calculation of continuation rate does not include students who returned to the institution after having graduated from the same institution. For specific time points for reporting, see 2013-14 Survey Documentation Form worksheet.

Reminder: As is the convention with IPEDS, data used for these calculations may be adjusted for students who departed for the following reasons: deceased, permanently disabled, or joined the armed forces (including those called to active duty from the Reserves or National Guard) or foreign aid service of the federal government or official church missions. These are exclusions, and may be subtracted from the cohort prior to calculating the continuation rate.

Example: Number in cohort who continued to 3rd year / (cohort headcount - the allowable exclusions).

6. Cumulative Graduation Rates

Graduation rate is the **cumulative** percentage of first-time, full-time freshmen in a given fall term who graduated within a designated period of time. For example, the "graduated in five years" rate for fall 2006 first-time freshmen is the percentage of fall 2006 first-time freshmen who graduated from the institution by the fall 2011 term, including those students who completed their courses during the summer of 2011. For specific time points for reporting, see 2013-14 Survey Documentation Form worksheet.

Reminder: As is the convention with IPEDS, data used for these calculations may be adjusted for students who departed for the following reasons: deceased, permanently disabled, or joined the armed forces (including those called to active duty from the Reserves or National Guard) or foreign aid service of the federal government or official church missions. These are exclusions, and may be subtracted from the cohort prior to calculating the graduation rate.

Example: Number in cohort who graduated within 4 years / (cohort headcount - the allowable exclusions). Students who leave for these reasons, but return before the IPEDS status date of August 31 in the year in which the graduation rate is being calculated, may be subtracted from the cohort when calculating the graduation rate.

Please note: If students receive an associate's degree or another degree less than a bachelor's degree, they will not be included in the graduation rates.

The headcount in Section I column D must stay the same even if a retention or graduation rate is calculated based on exclusions.

2013-14 Survey Documentation Form

The following table provides the point-in-time for reporting each data cell:

Cohort Year	ACT		Continuation Rates and Cumulative Graduation Rates																	
	Head Count	or SAT Average	Cont. to 2nd Yr	Cont. to 3rd Yr	Grad. in 3 Yrs	Cont. to 4th Yr	Grad. in 4 Yrs	Cont. to 5th Yr	Grad. in 5 Yrs	Cont. to 6th Yr	Grad. in 6 Yrs	Cont. to 7th Yr	Grad. in 7 Yrs	Cont. to 8th Yr	Grad. in 8 Yrs	Cont. to 9th Yr	Grad. in 9 Yrs	Cont. to 10th Yr	Grad. in 10 Yrs	Cont. to 11th Yr
2003	<u>Fall 03</u>	<u>Fall 03</u>	<u>Fall 04</u>	<u>Fall 05</u>			<u>by Fall 07</u>	<u>Fall 07</u>	<u>by Fall 08</u>	<u>Fall 08</u>	<u>by Fall 09</u>	<u>Fall 09</u>	<u>by Fall 10</u>	<u>Fall 10</u>	<u>by Fall 11</u>	<u>Fall 11</u>	<u>by Fall 12</u>	<u>Fall 12</u>	<u>by Fall 13</u>	<u>Fall 13</u>
2004	<u>Fall 04</u>	<u>Fall 04</u>	<u>Fall 05</u>	<u>Fall 06</u>			<u>by Fall 08</u>	<u>Fall 08</u>	<u>by Fall 09</u>	<u>Fall 09</u>	<u>by Fall 10</u>	<u>Fall 10</u>	<u>by Fall 11</u>	<u>Fall 11</u>	<u>by Fall 12</u>	<u>Fall 12</u>	<u>by Fall 13</u>	<u>Fall 13</u>		
2005	<u>Fall 05</u>	<u>Fall 05</u>	<u>Fall 06</u>	<u>Fall 07</u>			<u>by Fall 09</u>	<u>Fall 09</u>	<u>by Fall 10</u>	<u>Fall 10</u>	<u>by Fall 11</u>	<u>Fall 11</u>	<u>by Fall 12</u>	<u>Fall 12</u>	<u>by Fall 13</u>	<u>Fall 13</u>				
2006	<u>Fall 06</u>	<u>Fall 06</u>	<u>Fall 07</u>	<u>Fall 08</u>			<u>by Fall 10</u>	<u>Fall 10</u>	<u>by Fall 11</u>	<u>Fall 11</u>	<u>by Fall 12</u>	<u>Fall 12</u>	<u>by Fall 13</u>	<u>Fall 13</u>						
2007	<u>Fall 07</u>	<u>Fall 07</u>	<u>Fall 08</u>	<u>Fall 09</u>			<u>by Fall 11</u>	<u>Fall 11</u>	<u>by Fall 12</u>	<u>Fall 12</u>	<u>by Fall 13</u>	<u>Fall 13</u>								
2008	<u>Fall 08</u>	<u>Fall 08</u>	<u>Fall 09</u>	<u>Fall 10</u>			<u>by Fall 12</u>	<u>Fall 12</u>	<u>by Fall 13</u>	<u>Fall 13</u>										
2009	<u>Fall 09</u>	<u>Fall 09</u>	<u>Fall 10</u>	<u>Fall 11</u>			<u>by Fall 13</u>	<u>Fall 13</u>												
2010	<u>Fall 10</u>	<u>Fall 10</u>	<u>Fall 11</u>	<u>Fall 12</u>																
2011	<u>Fall 11</u>	<u>Fall 11</u>	<u>Fall 12</u>	<u>Fall 13</u>																
2012	<u>Fall 12</u>	<u>Fall 12</u>	<u>Fall 13</u>																	

These columns are not included in the survey forms.

This form is for reference only. You will not enter data here. The data is reported on the Section I tab.
